Residential Parking Program Information

Time Restricted Parking: for qualifying residents, a residential parking permit will allow the registered vehicle to park within a time restricted parking area in excess of the posted time limit within the approved zone boundaries. This time restricted parking permit does not allow you to park in paid parking – exemption, paid parking – pre 2009, or any other residential zone parking areas. Payment at paid parking locations is required.

Paid Parking – Exemption: for qualifying residents only, an exemption permit will allow the registered vehicle to park within the exemption paid parking area without payment and in excess of the posted time limit. This permit also allows the registered vehicle to park within a time restricted parking area in excess of the posted time limit within the approved zone boundaries. This exemption permit does not allow you to park in paid parking – pre 2009, or any other residential zone parking areas.

Paid parking – Pre 2009: Payment at paid parking locations is required even if you hold a valid residential parking permit.

Your permit does not exempt you from parking regulations and the following restrictions:

- Annual snow route bans
- Residential parking bans
- Public Works street work signs
- Spring and fall street cleaning signs
- Traffic By-laws

PAYMENT AT PAID PARKING AREAS IS REQUIRED
